

There will be a math test on Thursday, February 14<sup>th</sup>.  
It will cover the following concepts:

- Converting decimals to fractions and mixed numbers
- Converting fractions and mixed numbers to decimals
- Writing decimals in word form
- Comparing decimals (up to hundredths)
- Locating and plotting decimals on a number line
- Adding, subtracting, multiplying, and dividing with decimals
- Vocabulary: decimal, tenth, hundredth, whole number, equivalent word form, standard form, compare, order, mixed number

Please use notes taken in class and graded assignments that have been sent home to study. Chapters 21 and 22 in the math book might be used as a resource as well.

Study, study, study!
